

世通 Seito iPad e-Menu 電子餐牌

Seito iPad e-Menu is a feature-rich digital menu system. It enhances the dining experience for every customer who arrives at your restaurant. As soon as customers arrive, they have the Seito iPad e-Menu in front of them. Your customers can take their time looking through the menu and looking at the details of every dish.

Feature-rich, Simple to Use

Seito iPad e-Menu offers far more than the standard paper menu. It brings food to life with vivid photos and details of your dishes. Your customers are able to view clearly what they are ordering.

Features :

- ➔ Provides details and photos of food to customers; customers are able to view clearly what they are ordering
- ➔ Replaces your restaurant's paper menu; editable any time and no reprinting of menu is required
- ➔ Supports multi-lingual menu; cater for different nationalities of customers
- ➔ User-friendly and simple to use; less training required
- ➔ Minimizes order mistakes by your staff

Benefits:

- ➔ Enhances service quality and image
- ➔ Increases customers' satisfaction
- ➔ Attracts new customers
- ➔ Reduces labour costs
- ➔ Improves operation efficiency and revenues for the restaurant
